Mission Statement: "Bringing Business and the Community Together"

President's Message: March, 2011

"Spring is when you feel like whistling even with a shoe full of slush." Doug Larson

Reminder that our **March monthly meeting is Wednesday, March 16th** at 4: 30 pm at Eastern Savings Bank located at 7927 Belair Road (21236) (K-Mart Shopping Plaza). **Guest Speaker, Liz Krukosky from Cool Fire, Inc. Liz will cover: What is Social Media and why should I care?** Setting up your Social Media Strategy; Facebook, LinkedIn and Twitter basics; Protecting your Largest Investment

Looking for advertising for less than a penny? Our Belair Road Corridor Crawl Local Coupon/Ad book is in its final few weeks. **An ad/coupon is only \$55 each with a planned distribution of 6,000 copies.** Advertisers will get their copies early with the major distribution at our community event on May 7th.

We will also have several cases of our new **2010-2011 Business & Community Guide** on hand for pick up! Need some for your business? Drop in at Slavie Savings Bank on Walther Blvd or contact me to get yours ASAP...they look great!

Have an upcoming event? List your event on patch.com, our local "online" news. Don't forget to add your business listing **FREE** if it is not featured. Special thanks to Nick Gestido for covering our local events!

Belair Road Study was held last week. This partnership study between the county and city will extend from the Beltway to 5 miles south down the corridor. An expert panel was brought in to review the area, recent studies done and to talk with business and community leaders. It was a great mix of folks from the Belair Edison area (south end of the corridor) and up to our OFBPA group at the north end. Special thanks to **Bob Pollokoff of Fedder Management** who represents the CVS block of Belair Road and **Marty Vittek of The Artist Corner** both who were able to give some real honest perspective and opinions. The group did a presentation the following day that was open to the public. Their findings/study/recommendations will be available imprint in approx. 4-6 weeks. Once posted on their website, I'll share with everyone.

I am looking for someone who can monitor and keep our Facebook page up to date and current. Most items are shared via email and our current member who was working on this for us has seemed to have gone AWOL. If you are familiar and use Facebook on a regular basis and could administer our page it would so appreciated it! Please let Donna know!

The OFBPA is once again sponsoring/placing the collection containers in our local businesses to collect change. Last year we collected \$964.22. If your business is able to host a container, please let me know ASAP so I can drop one off to you or you can pick one up at Eastern Savings Bank. Also any business that can offer a discount to benefit the fireworks we will post it on the website at www.fullertonfireworks.com. **Rita's** will be staying open late on July 4th and a % of the sales will benefit the fireworks. **Flower Expressions** of Perry Hall is donating 5% off all orders when you mention the Fullerton Fireworks.... Let us know if we can add your business to our list.

Hope to see everyone on the 16th at Eastern Savings Bank! Donna Bethke, President

Marketing Tip #15-SEO: "Backlinks"

One of the measures for search engine ranking is the popularity of a website. Backlinks are like votes for your site. What are they?

These are links that lead back to your website from other websites. The more relevant that other websites are to the content in yours the better. For instance, if you sell prom dresses, links to your web site from businesses in related fields like florists, limousines or high school related blogs, directories and articles would have more relevance than, say, a tire store. Links with social networking groups also can increase your rank.

Try to have the links directly with pages related to those areas of related interest, rather than just the home page. Search engines are concerned not only with quantity of links but also the relevance and quality of those links.

With LoveLocal, other businesses, directories, articles and social networking can create links directly to pages within your website. Each page that you create gives you the opportunity to give it a specific web address by using the "page name" function that you can use for every announcement and product/service description that you create.
